

Grace Industries, Inc.
OFFICER DOWN! - SEND HELP
Self-Evaluation Worksheet

Check the appropriate boxes to evaluate the effectiveness of your institution's Call For Help system.

Corrections officers and employees continue to sustain on-the-job-injuries as a results of assaults, scuffles, attacks, and other inmate disturbances.

Can you say that you have provided an efficient, effective and affordable emergency call system for your officers and employees?

Yes No

If you have an emergency call system or body alarm system already in place:

Is it reliable?

Yes No

Does your present system eliminate false alerts?

Yes No

Do your officers and employees like the system?

Yes No

Exciting new technology has been developed which provides us with new and better ways of for protect- ing your Officers and Employees.

Did you know that you can retrofit your correctional institution or jail with a reliable *Wireless Personal Body Alarm System* for officers and employees, for a fraction of the overtime and injured on the job (IOJ) dollars you spend each year to replace injured or disabled officers?

Yes No

Did you know that such a system can ususly be installed in one day or less?

Yes No

If you answered YES to ALL of the above questions we commend your proactive manage- ment decisions and we extend our congratulations to you for providing your officers and employees with a Solution for Life Safety.

If you answered NO to any of these questions, we want to assist you with the most effective and affordable means of getting to YES. Let us show you how our *GEM System™* can provide you and your employees with a reliable, affordable and easily installed '*Solution For Life Safety*'.
